

# MORNING APPEAL

TUESDAY, MAY 24

## THE GOVERNOR INTERVIEWED.

Governor R. K. Colcord of Nevada arrived here yesterday, accompanied by Mrs. Colcord. They came direct from their home in Carson. The Governor yesterday told of the political situation in the silver State, and also recounted many things in reference to important enterprises calculated to build up the State.

"Nevada is really in a better condition than it has been for a long while, in all things except as to silver. Of course, the attitude of Congress in regard to that has affected us. Our output of silver is not so heavy as it was. Some of our mines have closed down. An embargo has been placed on this industry. But while this has happened as to silver, more attention has been given to other things.

"More wheat has been put in this year in the Mason valley than ever before. They are raising wheat now instead of barley. It is so in other valleys. A mill has been started in the Mason valley. It makes beautiful flour, and this has caused the farmers to pay more attention to wheat. More land is being irrigated.

"In addition to this, there are now five new creameries in course of construction. You may say that two of them are completed and running. One in the Carson valley that began a short time since with 4,000 pounds of milk a day, is now taking in 16,000 pounds. One new creamery is being started in Mason valley, one in Smith valley and one at the Vale ranch in Lyon county.

We expect from all of these to ship from 12,000 to 15,000 pounds of butter a week, and probably the same amount of cheese. Each one will take the milk of 1,000 or 1,500 cows.

"Politics does not bother us much this year. We only have a Congressman and one or two other officers to elect. Francis J. Newlands, it has been supposed all along was a candidate for Congress to succeed Bartine. Bartine is serving his second term. He is a good man and there is no opposition to him except those who do not believe in a third term. Mr. Newlands has not been in Nevada for a long time. No late advices have been received in regard to him.—Examiner.

### False on its Face.

The men who are working so industriously to belittle the silver movement in Nevada seem to lack the judgement of ordinary children. The associated press man who wired the Comstock silver meeting abroad claimed that it was a Democratic movement to defeat the Republican party and at the time of his dispatch said that an attempt was made to introduce a free trade paragraph in the resolutions and it was unanimously ruled down.

These two statements taken together shows the utter falsity of the man's deductions. Whenever an attempt is made by the gold bugs of Nevada to hurt the silver movement, no matter how secretly the work, the ears of the ass are conspicuous above the bushes.

The Carson News, under the management of Miss Annie Martin will support Bartine for Congress. Tremmer Coffin, George Thaxter, and Walter Chedic are the financial supporters of the movement.—Independent.

If these people are to continue as the political sponsors of Mr. Bartine the people are anxious to know why. Chedic is a Democrat, Thaxter started the News because he could not control the course of the APPEAL when the Grand Jury was in session and Coffin, as a campaign back number whose support no man with the slightest regard for his political chances, would tolerate for a minute.

As an illustration of the possibilities of sugar beet culture, an instance is recorded of a man at Grand Island, Neb., who at a labor cost of \$40 raised 35 tons of beets worth \$5.50 a ton, acres of ground. With facts like this continually cropping out, our farmers will soon grow less wheat and cotton and turn to sugar beets. Then will permanent prosperity for American agriculture be assured.

The repairing of the Lake View road by the County Commissioners has proven to be a first class job and is now one of the best going out of
